

EXCLUSIVE

THE POSTERSETS UPPER AND LOWER EXTREMITY NERVE BLOCKS NOW AVAILABLE!

These poster sets are an innovative visual guide for teaching and understanding the complexity of placing regional anesthesia blocks in the upper and lower extremity nerves on both the left and right side of the patient. These poster sets, designed and illustrated by D&L graphics, were made possible by the collaboration of international experts in the fields of anesthesia and anatomy.

Prof.dr. A. van Zundert - Eindhoven, Netherlands • Prof.dr. A. Hadzic - New York, USA • Prof.dr. H. Korsten - Genk, Belgium
 Dr. J. van Zundert - Genk, Belgium • Dr. A. Lataster - Maastricht, Netherlands

The posters are printed in high quality with a protective coating for use in procedural rooms.

Available sizes: 118 x 66 cm (€ 30 each and € 50 for a set)
 59,5 x 42 cm (not coated) (€ 23,80 each and € 35,70 for a set)

Prices are in Euros and do not include VAT or shipping (VAT does not apply to orders from the USA)
 For more information on how to order your poster set, go to: www.musthavemedicalimages.com

PHILIPS

This project was supported through an educational grant from Philips Healthcare.

Nerve Block Plexus Brachialis Left

1 Position Probe

2 Ultrasound

3 Ultrasound with details

4 Illustration

5 Innervations / Flowchart

PHILIP A. van Zundert*, PHILIP A. Hadzic**, PHILIP H. Korsten, Dr. J. van Zundert***, anatomical illustrations by Dr. A. Lataster**** from the Departments of Anesthesiology, Eindhoven Netherlands*, New York, USA**, Genk Belgium*** and Department of Anesthesiology & Intensive Care Medicine, Maastricht, Netherlands****. Revisions, Layout and Design: D&L graphics. © www.dlgraphics.nl • All rights reserved. • Printed available until 2015 (D&L 118) •

Lower Extremity Nerve Blocks (Right)

1 Transducer position

2 Ultrasound image

3 Ultrasound Anatomy

4 Anatomy illustration

5 Motor response to nerve stimulation
